BELLEVILLE.

THE Indian name for this town is Sagonasko. It is situated in Hastings County, on the Bay of Quinté. The Moira river runs through the entire length of the town. This stream was originally known as Singleton River. In 1790 Capt Myers located here, erecting a dam and saw mill, and it was then called Myers' Creek, retaining this name until about 1812. The first bridge spanning the river was a rude floating structure, built about the year 1800, which was shortly after carried away. In 1802 another was completed, but shared the fate of the first one. The third trial proved more successful, when the first permanent bridge was completed in 1807. The first house was built by Asa Wallbridge, and the second in 1798—a public house. A second hotel was built in 1800. James McNab was first collector of customs and the first postmaster and registrar.

The town received its present name—Belleville—in 1816. It is the oldest town in Canada. The first board of police was established in 1834; the first sidewalk was laid in or about the year 1836. Population in 1818, 150; in 1824, 500; in 1829, 700; in 1836, more than 1,000;—it has gradually mounted, step by step, until it now, in 1877, numbers over 11,000 souls, as the census of the town lately taken fully demonstrates. The jail was completed in 1838, and the first Court was held in November, 1839.—B. Dougall presided; E. Murney, clerk of the peace; J. W. Moodie, sheriff.

It would be a difficult matter to portray at length the many advantages this enterprising town (soon to be incorporated "City") possesses. The mere increase of its population, year by year, is a satisfactory proof of its commercial advancement, the thriftiness and energetic *push* of its citizens, and its growing worth to the surrounding country.

Belleville has her foundries, machine shops, mills, &c., without

number, as it were, and, as regards the beauty and costliness of her public buildings, churches, educational institutions, etc., we feel safe in affirming that in very few places can be found their equals. Her streets are well laid out and with a proper foresight to her future welfare.

The Belleville street railway, opened about May, 1876, runs cars from one end of the town to the other, a distance of two miles, which is, most properly, extensively patronized by the citizens, who are charged the nominal rate of five cents for the distance. Strangers entering the town find it convenient, as they have but a step to go from the Grand Trunk Station in order to reach the street railway, conveying them at short notice to the hotel of their choice.

There are a number of fine hotels here, among which may be mentioned the Queen's, Dafoe House, Anglo-American and the Dominion, where every comfort and accommodation is tendered the guest, the one vieing with the other, without success, for precedence.

The educational department is replete, consisting of the Albert College, Loretto Convent, the Commercial College of S. G. Beatty & Co., together with many other institutions too numerous to mention here. Albert College, under the able guidance of the Rev. J. R. Jaques, D.D., Ph.D., is a substantial and convenient building of brick and stone, four storeys, with a total length of 230 feet. It is ably worked by a full and efficient staff, and all the facilities for a good sound education are to be found within its walls. Nothing is wanting for the cultivation of the young mind, and the educational system carried on competes with any other town or city in the Dominion.

There is a large trade in lumber here, and an extensive shipping to all the lake ports is the yearly programme during navigation. The various freight and passenger steamers touch here on their way to and from Montréal and upper ports.

The incorporation of Belleville, shortly, as a CITY will be another

item of encouragement to her citizens, and, before many years will have passed over her young head as such, she will, without doubt, be able to face any city in the Dominion with respect to commercial advancement.

The town has been greatly augmented in size by the recent annexation of the suburb of Murneyville to it, under the name of West Belleville. Belleville proper and West Belleville are connected by three bridges, one of which is a foot bridge affording ready communication between both places.

The Grand Trunk Railway have extensive works here ; a large amount of freight is forwarded to and received from points East and West, and during the close of navigation this road forms the main and, we may say, only, inlet and outlet for the immense quantities of goods continually on the move. This truly shows that, in spite of the present incipient state of the times, the business men here are determined to keep their hitherto prosperous town up to the mark.

The summer tourist and pleasure seeker will find it to his advantage not to pass this section of country over with the idea that it would not repay him should he give it a trial. Hunting and fishing is the order of the day—game and fish existing in vast quantities, and as these are to be found within a short distance of the town, the commodious hotels would prove acceptable as a temporary home. Distant from Toronto, 113 miles, from Picton, 35 miles, from Kingston, 48 miles, from Madoc, 26 miles, from Montreal, 220 miles. Mails twice daily.

**THE MONTREAL
JOURNAL OF COMMERCE,
FINANCE AND INSURANCE REVIEW.**

One of the Largest, Most Reliable, and Best Commercial
Papers in the World.

No Country Merchant can afford to be without it.

To them its Weekly Review of the Markets, alone, is worth much more than the the cost of the paper.

To the Insurance Agent it is invaluable: to the Life Agent, in the elaborate and useful hints contained in its frequent articles on this subject; to the Fire Agent in its independent manly and intelligent criticism, tending to promote and establish a secure basis for Canadian Underwriting.

That it has already become the recognized authority on Canadian Commerce, Finance and Insurance is attested by the frequent extracts from its columns to be seen in the leading Journals of Canada, England and the United States.

THE JOURNAL OF COMMERCE,

Although only in its second year, enjoys the unlimited confidence of the Manufacturing and Jobbing, the Banking and Insurance interests of the Dominion.

In this respect, and as a business venture, its success as a Canadian Newspaper may be said to be without parallel, establishing the rule, so far as Canada is concerned also, that the Commercial metropolis of every country contains the leading Commercial paper.

Its *bona fide* circulation is not much, if any, less than that of any other commercial paper in the Dominion, and is rapidly increasing.

It circulates in every town and almost every village in the following Provinces:

Ontario, Quebec, New Brunswick,
Nova Scotia. Prince Edward Island, Newfoundland,
Manitoba and British Columbia.

In addition to these it has many Subscribers in the

United States, South America, England, Ireland, Scotland and France.

As a Medium for Advertisers the JOURNAL stands unrivalled.
Sample copies sent gratuitously upon application.

Terms of Subscription, - - - - - \$2.00 Per Year,
PAYABLE IN ADVANCE.

Regulations concerning Post Office Savings Bank, Canada.

1. The direct security of the Dominion is given by the Statute for all deposits made.

2. Any person may have a deposit account, and may deposit yearly any number of dollars, from \$1 up to \$300, or more with the permission of the Postmaster General.

3. Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman.

4. As respects children under 10 years of age, money may be deposited—

FIRSTLY—By a parent or friend as Trustee for the child, in which case the deposits can be withdrawn by the Trustee until the child shall attain the age of ten years, after which time repayment will be made only on the joint receipts of both Trustee and child.

SECONDLY—In the child's own name—and, if so deposited, repayment will not be made until the child shall attain the age of ten years.

5. A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of pass-book, and can withdraw money at that Savings Bank Office which is most convenient to him. For instance, if he makes his first deposit at the Savings Bank at Cobourg, he may make further deposits at, or withdraw his money through, the Post Office Bank at Collingwood or Quebec, Sarnia, Brockville, or any place which may be convenient to him, whether he continue to reside at Cobourg or remove to some other place.

6. Each depositor is supplied with a pass-book, which is to be produced to the Postmaster every time the depositor pays in or withdraws money, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

7. Each depositor's account is kept in the Postmaster General's Office in Ottawa, and in addition to the Postmaster's receipt in the pass-book, a direct acknowledgment from the Postmaster General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he must apply immediately to the Postmaster General by letter, being careful to give his address, and, if necessary, write again, because the Postmaster's receipt or entry in the pass-book is not sufficient without the further receipt for the money from Ottawa.

8. Every depositor must send his book, once a year, viz., on the anniversary of his first deposit, for comparison with the Books of the Department, and for insertion of interest. The book will be returned to him by first mail. At no other time should a depositor suffer his book to be out of his own possession.

9. When a depositor wishes to withdraw money, he can do so by applying to the Postmaster General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

10. Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th June in each year.

11. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

12. No charge is made to depositors on paying in or drawing out money, nor for pass-books, nor for postage on communications with the Postmaster General in relation to their deposits.

13. The Postmaster General is always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositor or others, relative to Post Office Savings Bank business.

NAPANEE DIRECTORY.

NAPANEE.

THIS town is situated on the Napanee river, townships of Richmond and Fredericksburg, and counties of Lennox and Addington. Marked progress has been exhibited here of late years. It is the county seat. The Court house, jail, registry, and other public offices, are situated here, and their solid build make them one of Napanee's prominent features.

A large quantity of lumber is annually exported hence by way of the river, which flows through the town into the Bay of Quinté, as well as a large quantity of flour and other produce, finding an outlet by means of rail and water communication. There are numerous mills and factories visible along its river bank, and the facilities possessed by the town for manufacturing purposes are very extensive.

The stranger, standing on Dundas street, at one end, and looking through to the other, would almost fancy that he was in some large and thriving city, beholding, as he does, the busy stir of people, the long rows of stately stores, which line both sides of the street for nearly a mile, and last, though not least, the continual passing to and fro of teams engaged in their different lines of business. We may add that all this is not only seen on Dundas street, but is manifested generally throughout the town. This plainly shows, (and it is generally allowed to be a very good proof)

that the citizens are not *depressed* in mercantile spirit and energy if there is a general *depression* elsewhere in our Dominion.

There is every accommodation here for the traveller, and the kindness and attention bestowed upon him generally speak well for the courtesy of the citizens of Napanee. The hotels boast every comfort, and it is freely given and at very moderate charges. We write this from experience.

The Dominion and Montreal Telegraph Companies have offices here. The Grand Trunk R. R. has a station built within the limits of the town. Mails each way, twice daily. Distant from Kingston, 26 miles; from Toronto, 135 miles; from Montreal, 198 miles. Population about 5000.

CERTIFICATE

IN FAVOUR OF

Parent's System of Salvage

IN CASES OF

FIRES & SHIPWRECKS.

From the Chairman of the Fire Committee of Corporation of Montreal.

I have been present at a trial of the "Salvage Apparatus," prepared by Mr. Parent, and have found it most ingenious and efficient in cases of Fires.

The strength and good combination of the belts and straps of his harness, which give the firemen an increased energy, as it multiplies his power of free motion, cannot but ensure, in any case of peril, a prompt and safe means of escaping an imminent danger.

L. O. LORANGER,*Chairman Fire Committee,*

TRENTON DIRECTORY.

TRENTON.

AN incorporated and flourishing village, situated partly in the township of Murray and partly in the township of Sidney, counties of Northumberland and Hastings. It is a port of entry. The river Trent, upon both sides of which the village is situated, empties into the Bay of Quinté at this point. An enormous traffic is carried on here, in the shape of square timber, which is rafted for the Quebec and other markets, large quantities of which are brought down the river from the immense range intersected by it. Gilmour & Co. are the chief lumberers here. There are numerous manufactories, consisting of grist mills, saw mills, foundry, &c. There are also two large elevators used for the shipment of grain, which reflect great credit on the thriftiness and *stir* of the citizens. Steamers from the various ports touch here during navigation at regular intervals. A fine substantial wooden bridge forms the connection between the two river banks. There are some very fine buildings here, both for trading purposes and as private residences. The traveller will find every comfort at either the Queen's hotel or Commercial house, the proprietors of which vie with each other in their attention to the wants of their guests. An omnibus forms the mode of conveyance between the railway station and the village, dropping their passengers at the hotel of their choice, charging them 25 cents for the distance of about a mile and a half,—the station being out of the limits.

The Montreal and Dominion Telegraph Companies have their agencies here, as well as the Canadian Express Co.

Distant from Montreal, 252 miles; from Toronto, 101 miles; from Belleville, 12 miles. Mail twice daily. Population about 3,000.

BRIGHTON.

AN incorporated village in the County of Northumberland, township of Brighton. It is pleasantly situated on Presqu' Isle Bay, and is a port of entry. Steamers ply between here and the different lake ports during navigation. The manufactories consist of grist mills, plaster mill, and tannery.

There is quite an extensive trade carried on in cattle here, which are to be seen sometimes, on their way to and from the village, in very large herds.

There are three good hotels here, the McDonald House taking precedence, where every accommodation will be accorded the traveller.

The Montreal and Dominion Telegraph Companies have agencies here.

Distant from Cobourg, the County town, 22 miles; from Toronto, 92 miles; from Montreal, 241 miles. Population about 2,500.

Flaymes, the only Practical Furrier in Belleville, Est. 1846.
